

## *Costing Manager*

Are you looking for a meaningful career that makes a difference in the world?

Then consider joining LYS Energy (LYS) team where you will do just that. We want to attract the industries' best and brightest talents to help us achieve our vision to be a vector of the energy transition by re-inventing the energy industry towards a customer-centric prosumer era, in a sustainable way for the benefits of the entire ecosystem and in all verticals we service.

We are currently seeking a dynamic **Costing Manager in Vietnam** with a track record to help sustain the growth of the Company, playing an active role in the development, construction, and execution of the projects.

You will get the support of other members of LYS Energy to complete the deliverables and engage as a team with the various stakeholders.

### **Role and Responsibilities**

- Conduct site assessment and preliminary project execution plan.
- Prospective clients' profiling: analysis of energy consumption patterns, load curves, tariff structure.
- Feasibility study and technical assessments: irradiation analysis (PVSystem), engineering gross design and costing.
- Answer technical clarifications.
- Liaise with clients on technical requirements.
- Proposal drafting and answers to tenders.
- Responsible for technical presentation decks upgrades.
- Support contract drafting.
- Responsible for handover to project execution team.
- Provide engineering support as needed to the project development, engineering and project management teams.
- Understand the optimal design applications and design limitations of our solutions, and lead the evaluation of alternative components.

### **Job Requirements/ Qualifications**

- Bachelor's Degree in Mechanical or Electrical Engineering, or equivalent qualification; Diploma in Electrical Engineering may also be considered.
- More than 2 years of working experience in the PV system industry.

## LEADER ENERGY HOLDING BERHAD GROUP OF COMPANIES IN SINGAPORE

- Proficient in MS Office Suite.
- Basic familiarity with AutoCAD and PVSystem.
- Additional familiarity with Sketchup is advantageous.
- Demonstrates both independent and team-oriented work capabilities.
- Possesses excellent communication and troubleshooting skills.
- Quick learner and goal-oriented.

### About LYS Energy Solutions:

**LYS ENERGY GROUP** (“**LYS GROUP**”) ([www.lysenergy.com](http://www.lysenergy.com)) is the first Singapore-based Solar Independent Power Producer that builds, owns, and operates solar photovoltaic (PV) systems in the Asia Pacific region. It offers a full range of solar services to install solar energy systems for commercial, industrial, and public sites.

**LYS GROUP** is wholly owned by **LEADER ENERGY HOLDINGS BERHAD** (a wholly owned subsidiary of **HNG CAPITAL SDN BHD**) and its subsidiaries (collectively, “**LEADER ENERGY GROUP**” or “**the GROUP**”) with Headquarter in Penang, Malaysia. **LEADER ENERGY GROUP** owns and operates a diverse portfolio of power generation and transmission assets in Cambodia, Vietnam, Malaysia, Singapore, and Taiwan.

**LYS GROUP** provides Asia’s trusted Renewable Energy platform offering hassle-free end-to-end clean energy solutions for businesses: from zero-capex solar energy (PPA), Renewable Energy Certificates (RECs), turnkey Engineering Procurement Construction (EPC) and Operations & Maintenance (O&M) services, to carbon emissions and energy management consulting.

Since its incorporation, **LYS GROUP** has deployed over 50MWp of high-performance solar PV systems, with a pipeline of over 500MWp in Singapore and across the region in Cambodia, Vietnam, Malaysia, Singapore, and Taiwan.
